

How Does it Work?

Complete Profile

Individuals interested in finding a roommate should visit the website to complete a profile. If help is needed to complete a profile, a Rumi Connector can assist you.

Safety Checks

With all our potential profiles, we will be doing a verification to confirm identity and preliminary safety checks to ensure the safety of all parties.

Browse Profiles

After 2 business days, your profile will be approved and you will be free to browse other profiles to make an appropriate connection.

Make Connections

As you find individuals that you feel would be a good match, you can "wave" at the other profile. This will indicate your interest to start a discussion. If they reciprocate, you will automatically get the ability to view their full profile and start a conversation.

Resources to Guide You

Resources will be available to develop a great profile, guide you to keep you safe, and provide tips to help you through the process of finding the best roommate possible. A Rumi Connector will be available throughout the process to assist you.

Locate Housing & Finalize

Once you have an ideal match, help will be provided to you to locate housing (if necessary). After that, we will finalize agreements between roommates, Rumi and Case Management.

Background Checks

Before the long-term contract is signed, we will administer fingerprinting and a comprehensive background check through Minnesota's Department of Human Services.

Ongoing Training

Rumi will provide background screening, quality housing condition verification, ongoing training and quality assurances to make sure your new living situation stays a success!

What you seek is seeking you

A roommate matching service that connects individuals who have a disability waiver with a compatible caregiver-roommate who can provide a designated level of caregiving. The end goal: a living situation that helps both parties *thrive*.

Why use Rumi if you have a disability waiver?

- Choice! Choice of where to live, who to live with, and what support to get. You are in control of your own services!
- Convenience! Browse potential roommates on your computer or phone through our website. There is someone out there that is a good match for you. Learn about someone's hobbies, interests desired living location, available rent price, age, gender, and more.
- Rely on an experienced Rumi Connector team member to walk you through every step.
- **Make your dream living situation a reality.**

Why use Rumi if you are a potential caregiver?

- Work will not feel like work when your job is at your home and you get paid for everyday activities such as sleeping, grocery shopping, cooking, cleaning, etc.
- Customized solutions allow for successful matches to take place regardless of housing situation, where you live, if you have kids or a spouse, pets or another job.
- Make a difference in your community by establishing a roommate connection and mutually supporting each other for a better life.
- Provide companionship for someone who might not otherwise be able to live independently.
- Let Rumi manage the paperwork, compliance, licensing, and other time-consuming requirements, so that you can focus on providing support.
- Continue to live your life. Rumi will provide temporary staffing for vacations or unplanned leave of absences such as an illness.
- **Earn up to \$51,000 per year! And the wages are TAX-FREE****

Annual Tax-Free** Caregiver Salary based on hours per week you work

**consult a tax professional about best practices regarding your compensation
